

Wide Format Solutions for Any Need

**Printing for
Professionals**

Océ ColorWave® 600

Print
Resolution: 1200 dpi
Volume: 15K-60K sq. ft./mo.

- Plain paper, full color printing integrates easily into sets
- 6 roll upgrade capability with 1,334 sq.ft. an hour of uninterrupted printing
- 4-6 times faster color production than legacy inkjet products

Océ TDS 700

Print
Resolution: 600 x 1,200 dpi
Throughput: 9 D's/min.
Scan Speed: B&W 10 lin.ft./min.
Optional: Color 3.5 lin.ft./min.
Volume: 10K-50K sq. ft./mo.

- 6 roll upgrade capability with 10,000 sq.ft. uninterrupted
- Color scanning upgrade option
- Incredible quality output-sharp, fine details, smooth gray scales, and intricate graphics

Océ PlotWave® 300

Print
Resolution: 600 x 1200 dpi
Throughput: 4 D's/min.
Scan Speed: 38 lin. ft./min. B&W
Volume: 0K-5K sq. ft./mo.

- Convenient USB printing and scanning right from the printer
- Proven reliability minimizes downtime
- Lowest energy consumption in its class

Océ ColorWave® 300

Print
Resolution: 600 x 600 dpi
Throughput: 41 sec for E-size B&W
63 sec for E-size Color
Scan Speed: Color 13 lin. ft./min. -
B&W 38 lin.ft./min.
Volume: 2K-10K sq. ft./mo.

- World's first integrated, large format, single footprint system for color and B&W printing, copying and scanning
- Convenient USB printing and scanning right from the printer
